Re: Martin County Water District, Case No. 2016-00142

At the time I accepted appointment on June 17, 2016 as Chairman of the Public Service Commission I was actively engaged in the practice of law in eastern Kentucky including the representation of clients in Martin County. Several of my clients had a business relationship with the Martin County Water District and others were residential customers. Information I received in my capacity as an attorney prior to becoming a member of the Commission, could perhaps lead some to believe that any decision the Commission might make was influenced by my prior knowledge and relationships. Accordingly, I have decided to recuse from all aspects of the current case and will neither participate in nor contribute in any way to either the investigation or any order which the Commission may issue.
